

The Wand collection is a versatile and powerful range of clitoral stimulators and devices designed to enhance orgasms and provide pleasurable massage experiences. This collection is not limited to female stimulation alone, as it also offers options suitable for male stimulation. All devices feature a **flexible head** for maximum convenience. Additionally, the **IPX7 waterproof** standard allows for underwater use, adding a new dimension to pleasure.

The Heating Wand, a highlight of the collection, is a **double-sided device** equipped with **two motors with 10 deep vibration modes** and features a battery level indicator. Its clitoral tip **heats up to 42 degrees**, intensifying stimulation and pleasure. The Heating Wand conveniently utilizes a **magnetic charger**.

Another notable device in the collection is the Dashing Wand, which boasts a **high-power motor** with a speed of 13,500 rpm. With **20 vibration modes** and **8 different speeds**, it offers a wide range of options for truly mind-blowing stimulation.
