

The stimulating surface of MiMi Animals is creatively shaped like cute animal, adding an element of fun and playfulness to your intimate encounters. This large, reliefshaped surface effectively stimulates the most sensitive areas of a woman's body, including those hard-to-reach spots that often require extra attention.

MiMi Animals feature an **elastic ring** that fits securely in place, ensuring it won't roll off during intimate moments. This design element eliminates any worries about the ring slipping or becoming uncomfortable, allowing couples to focus solely on pleasure.

MiMi Animals are equipped with 10 powerful vibration modes and a convenient magnetic charger, making it effortless to recharge the device for uninterrupted pleasure. Additionally, these cockrings are fully waterproof, allowing couples to explore their desires in the shower, bathtub, or any aquatic setting they desire.
